Premier's Winter Weather Policy

We follow Madison Schools for weather since the studio is located in the Madison school district - the weather in Madison is the weather that affects the studio. **We will always close if Madison Schools close due to the weather.** However, there are times that the weather worsens throughout the day, making driving to and from the studio in the evening dangerous - if this is the case, we may choose to cancel classes. We will email you, text (if we have your cell number) and post it on social media by 2:00 pm. If you are questioning whether or not we will be holding class, feel free to text Shannon (608-469-3618) before driving to the studio.
